

# THIS MONTH'S news

Our round-up of the latest homeware, ideas and events

## Summer party

This year marks the 20th anniversary of QVC and, to celebrate, Collier Campbell has designed this beautiful Secret Garden cushion, £22. Go to [QVCuk.com](http://QVCuk.com) to order, and find out what else is planned for the birthday celebrations!

## Perfect patterns

We're big fans of Louise Wilkinson's china and were delighted to find that it's now available at Rigby & Mac (from £11.95 for a mug, 020 8761 1011, [rigbyandmac.com](http://rigbyandmac.com)). The fresh patterns make a lovely set, or choose a few as accent pieces with a white service.

## WEB WATCH

For a good look at all of the floors and fabrics available at Roger Oates, [rogeroates.com/brochure/view/](http://rogeroates.com/brochure/view/) will take you to the new online brochure, which includes a technical guide, as well as pictures of all the collections.

## Soft touch

Linen accessories have a lovely laid-back feel to them and you can create a really summery look if you choose coastal colours. The Thoroughly British Summer collection from The Linen Works includes blankets, towels, tablecloths and more in restful shades of blue and white - all 100% linen. We love this Riga place mat in Blue Stripe, £45 for a set of four. Team with simple white china for a relaxed, fresh feel.

## DOOR TO DOOR

It's easy to add a little designer touch to your home with these cute Bird and Worm door stoppers, £20.95 each from Design By Timber ([designbytimber.co.uk](http://designbytimber.co.uk)). Efficient as well as super-stylish, the finger hole is a nice touch for ease of use.
